Schedule C - Drug Testing

DRUG TESTING POLICY

Company strives to maintain a safe, healthy, efficient workplace free from drug and alcohol abuse. In compliance with the Code of Ordinances of the City of Evansville, Indiana, [5.40.020(D)] and United States Department of Transportation rules and regulations [49 CFR Part 382], Unity Taxi of Evansville will maintain a program for testing alcohol and controlled substances. This program begins before entering into a driver agreement, and extends to include annual, reasonable suspicion, random, reasonable suspicion, and post-collision testing.

The use of alcoholic beverages is prohibited during the period four hours prior to operating a Taxicab or representing yourself as a member of Company. No Driver with an alcohol concentration equal to or greater than 0.001 shall operate any vehicle licensed to, or in any way affiliated with Company.

Participation in the program is mandatory and Driver, by default, pays for all drug testing requirements. However, Company will pay for random, post collision, and reasonable suspicion testing if the driver passes all parts of a ten panel test.

DRUG TESTING MANAGEMENT

Drug testing is set up with random third party services, managed by the Operations Department of Company. These services inspect and approve samples throughout the state of Indiana for employees and or contract drivers to be tested.

PRE LEASE TESTING

Potential Driver is given a copy of the Drug Test Notification form to take to the applicable testing site. A copy of that form is also faxed to that site. The potential Driver is tested and the results are sent to Company via email, fax, or phone.

Drivers applying for a first time Taxicab License from the City of Evansville must pass the appropriate drug testing prior to applying for said license. If the potential Driver tests positive, he/she is notified that the job and or contract will not be extended to them.

ANNUAL DRUG TESTING

Driver must submit to an annual drug screen. This screen is done each year within 30 days of Driver's annual tenure.

RANDOM TESTING

Driver is subject to a random drug test(s). The test schedules are managed by a non-biased third party. Company receives periodic designations, and applicable Drivers are notified to be present on the day the third party directs.

REASONABLE SUSPICION

There are two reasons that require immediate testing. They are as follows:

1. Any information that is reported or heard pertaining to the use of drugs will result in immediate drug testing without notice.
2. Drivers that are involved in an auto accident will be required to take a drug test no later than 24 hours following the accident, and an alcohol test should be administered immediately after an accident, subject to on scene police agency policies and discretion. Unity Taxi does reserve the right to require alcohol testing even when local police agencies have deemed alcohol testing unnecessary or impractical.
